

1. Plain prose

Prose line 1: ordinary text must remain readable and ordered.

Prose line 2: ordinary text must remain readable and ordered.

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

Second paragraph line 1: ordinary text must remain readable and ordered.

Second paragraph line 2: ordinary text must remain readable and ordered.

Second paragraph line 3: ordinary text must remain readable and ordered.

Second paragraph line 4: ordinary text must remain readable and ordered.

Second paragraph line 5: ordinary text must remain readable and ordered.

Second paragraph line 6: ordinary text must remain readable and ordered.

2. Isolated diagram

Before diagram line 1: ordinary text must remain readable and ordered.

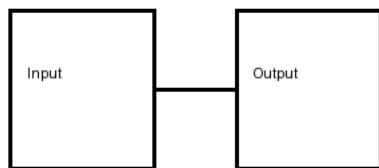

Before diagram line 2: ordinary text must remain readable and ordered.

Before diagram line 3: ordinary text must remain readable and ordered.

Before diagram line 4: ordinary text must remain readable and ordered.

Before diagram line 5: ordinary text must remain readable and ordered.

Before diagram line 6: ordinary text must remain readable and ordered.

After diagram line 1: ordinary text must remain readable and ordered.

After diagram line 2: ordinary text must remain readable and ordered.

After diagram line 3: ordinary text must remain readable and ordered.

After diagram line 4: ordinary text must remain readable and ordered.

After diagram line 5: ordinary text must remain readable and ordered.

After diagram line 6: ordinary text must remain readable and ordered.

3. Fraction and scripts

Before formula line 1: ordinary text must remain readable and ordered.

Before formula line 2: ordinary text must remain readable and ordered.

Before formula line 3: ordinary text must remain readable and ordered.

Before formula line 4: ordinary text must remain readable and ordered.

Before formula line 5: ordinary text must remain readable and ordered.

Before formula line 6: ordinary text must remain readable and ordered.

$$x^2 = 4 \qquad \frac{a + b}{c}$$

After formula line 1: ordinary text must remain readable and ordered.

After formula line 2: ordinary text must remain readable and ordered.

After formula line 3: ordinary text must remain readable and ordered.

After formula line 4: ordinary text must remain readable and ordered.

After formula line 5: ordinary text must remain readable and ordered.

After formula line 6: ordinary text must remain readable and ordered.

4. Wide merged table

Prose line 1: ordinary text must remain readable and ordered.

Prose line 2: ordinary text must remain readable and ordered.

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

Merged heading	
Row 1	Value 1
Row 2	Value 2
Row 3	Value 3

Prose line 1: ordinary text must remain readable and ordered.

Prose line 2: ordinary text must remain readable and ordered.

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

5. Positioned scripts without rules

Before exponent line 1: ordinary text must remain readable and ordered.

Before exponent line 2: ordinary text must remain readable and ordered.

Before exponent line 3: ordinary text must remain readable and ordered.

Before exponent line 4: ordinary text must remain readable and ordered.

Before exponent line 5: ordinary text must remain readable and ordered.

Before exponent line 6: ordinary text must remain readable and ordered.

$$x^2 = 4 \qquad a_n$$

After exponent line 1: ordinary text must remain readable and ordered.

After exponent line 2: ordinary text must remain readable and ordered.

After exponent line 3: ordinary text must remain readable and ordered.

After exponent line 4: ordinary text must remain readable and ordered.

After exponent line 5: ordinary text must remain readable and ordered.

After exponent line 6: ordinary text must remain readable and ordered.

6. Landscape slide

Prose line 1: ordinary text must remain readable and ordered.

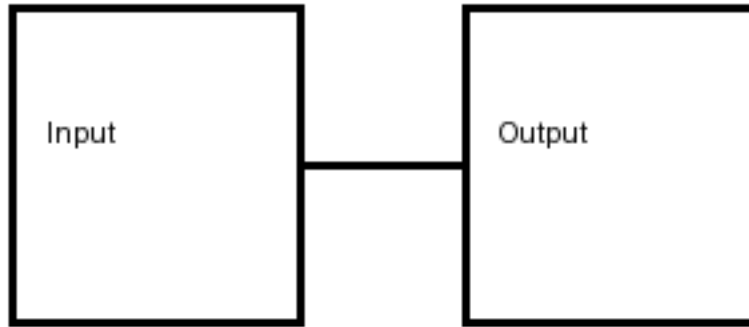

Prose line 2: ordinary text must remain readable and ordered.

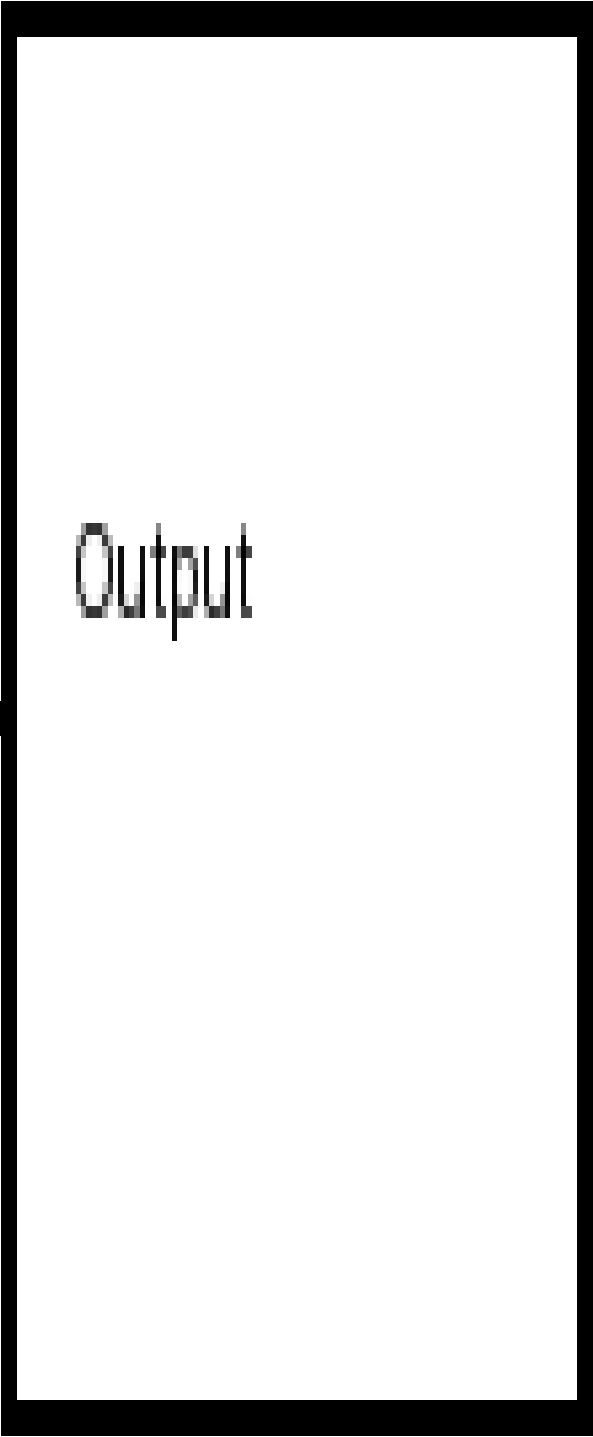

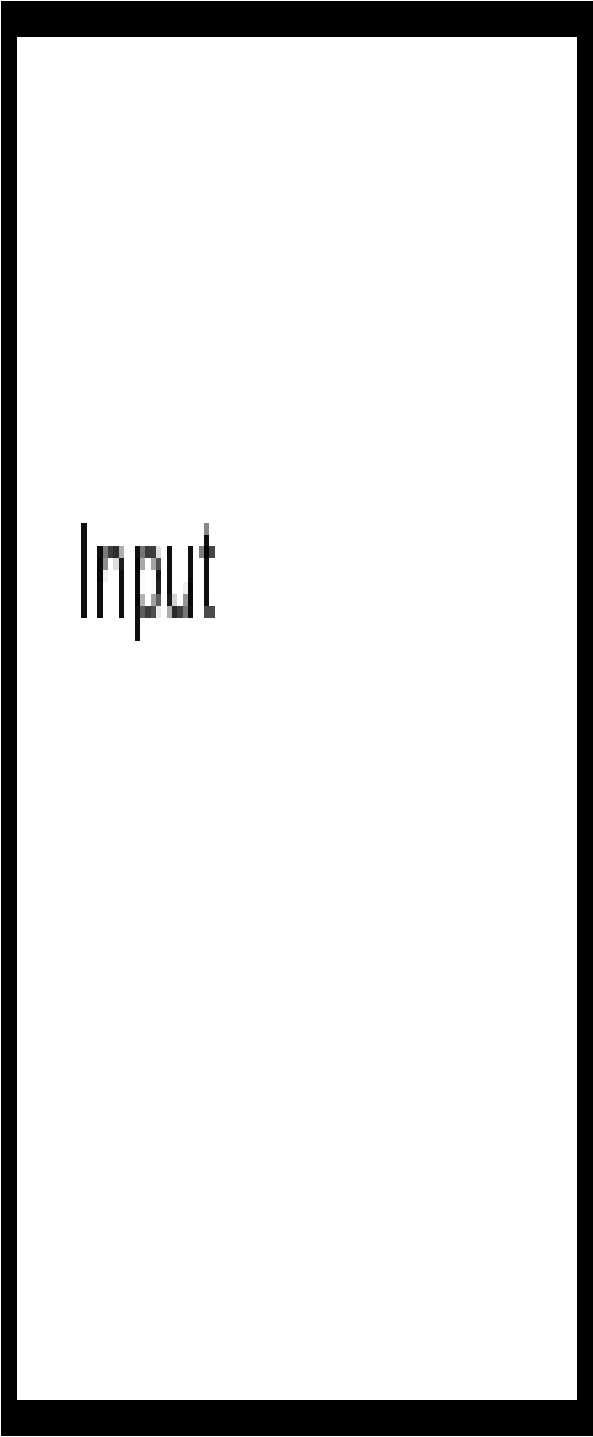

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

8. Rotated page

Prose line 1: ordinary text must remain readable and ordered.
Prose line 2: ordinary text must remain readable and ordered.
Prose line 3: ordinary text must remain readable and ordered.
Prose line 4: ordinary text must remain readable and ordered.
Prose line 5: ordinary text must remain readable and ordered.
Prose line 6: ordinary text must remain readable and ordered.

9. Cropped image page

Prose line 1: ordinary text must remain readable and ordered.

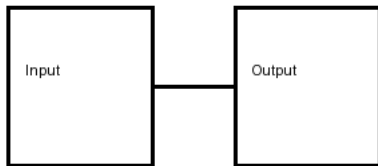

Prose line 2: ordinary text must remain readable and ordered.

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

Prose line 1: ordinary text must remain readable and ordered.

Prose line 2: ordinary text must remain readable and ordered.

Prose line 3: ordinary text must remain readable and ordered.

Prose line 4: ordinary text must remain readable and ordered.

Prose line 5: ordinary text must remain readable and ordered.

Prose line 6: ordinary text must remain readable and ordered.

10. Tight inline formula

Before tight formula line 1: ordinary text must remain readable and ordered.

Before tight formula line 2: ordinary text must remain readable and ordered.

Before tight formula line 3: ordinary text must remain readable and ordered.

Before tight formula line 4: ordinary text must remain readable and ordered.

Before tight formula line 5: ordinary text must remain readable and ordered.

Before tight formula line 6: ordinary text must remain readable and ordered.

Inline formula $x^2 = 4$ and short adjacent text

After tight formula line 1: ordinary text must remain readable and ordered.

After tight formula line 2: ordinary text must remain readable and ordered.

After tight formula line 3: ordinary text must remain readable and ordered.

After tight formula line 4: ordinary text must remain readable and ordered.

After tight formula line 5: ordinary text must remain readable and ordered.

After tight formula line 6: ordinary text must remain readable and ordered.

11. Tight fraction

Before tight fraction line 1: ordinary text must remain readable and ordered.

Before tight fraction line 2: ordinary text must remain readable and ordered.

Before tight fraction line 3: ordinary text must remain readable and ordered.

Before tight fraction line 4: ordinary text must remain readable and ordered.

Before tight fraction line 5: ordinary text must remain readable and ordered.

Before tight fraction line 6: ordinary text must remain readable and ordered.

$$\frac{a + b}{c}$$

After tight fraction line 1: ordinary text must remain readable and ordered.

After tight fraction line 2: ordinary text must remain readable and ordered.

After tight fraction line 3: ordinary text must remain readable and ordered.

After tight fraction line 4: ordinary text must remain readable and ordered.

After tight fraction line 5: ordinary text must remain readable and ordered.

After tight fraction line 6: ordinary text must remain readable and ordered.

12. Unicode mathematical letters

Math-font prose line 1: ordinary text must remain readable and ordered.

Math-font prose line 2: ordinary text must remain readable and ordered.

Math-font prose line 3: ordinary text must remain readable and ordered.

Math-font prose line 4: ordinary text must remain readable and ordered.

Math-font prose line 5: ordinary text must remain readable and ordered.

Math-font prose line 6: ordinary text must remain readable and ordered.

$$2b = 2 * 3c = 6c$$

After mathematical letters line 1: ordinary text must remain readable and ordered.

After mathematical letters line 2: ordinary text must remain readable and ordered.

After mathematical letters line 3: ordinary text must remain readable and ordered.

After mathematical letters line 4: ordinary text must remain readable and ordered.

After mathematical letters line 5: ordinary text must remain readable and ordered.

After mathematical letters line 6: ordinary text must remain readable and ordered.
